EXPERIENCE

FBL MEDYA | Full-Stack Developer
On Contract Basis (Remote) | Istanbul, Turkey

WITH LOCAL BUSINESSES | Web Developer / Google Ads Expert
Since June 2020 | Izmir, Turkey
- I design and develop various websites for local businesses in my area. I also provide services to manage their Google Ads campaigns and SEO ratings.
- I usually use Wordpress or simple HTML solutions for this type of projects according to the client's need.

BIREVISTA MAGAZINE | Founder
Feb 2019 – Feb 2020 | Izmir, Turkey
- In 2019, I started an online collaborative blog that focuses on free-speech and experience. The project's aim was to provide an online platform for people with lower voice in the society.
- With 15+ different writers and 30+ articles project has come to an end.

PERSONAL PROJECTS | Full-Stack Developer
Jan 2019 - Until Now| Izmir, Turkey
- As a passionate self-taught software developer, I am always in the process of producing a new project.
- I have developed web apps with React-Redux and Angular. These are CRUD apps, that communicate with ASP.NET REST API back-ends.
- I am currently developing various Windows Form Applications, they are sleek and lightweight browsers that comes with useful extensions for medias.

RESEARCH

MACHINE LEARNING AND ART | research candidate
Not Started |
My goal in software engineering is to make it possible for an AI to have a problematic on its own and produce artistic 'solutions' for that problematic as artists do in our world. I aim to get a Master's degree in Machine Learning and Data Science. Hopefully, I will be a frontier researcher in AI Arts.
